

North Central Indiana Mental Health Summit

November 10, 2018

Lafayette, Indiana

Overall Objectives:

1. Describe the relationship between trauma and subsequent psychological symptoms and disorders.
2. Identify cultural and social effects on trauma and psychological disorders affected by trauma.
3. Recognize the role of trauma in the experiences of specific groups including transgender people, incarcerated individuals, and those suffering addiction.
4. Name components of trauma-informed care practices which can improve the medical, psychological, and pharmaceutical care of individuals.

Physician Accreditation Statement: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of North Central Indiana Mental Health Summit and Purdue University College of Pharmacy. Purdue University, an equal access/equal opportunity institution, is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: Purdue University College of Pharmacy designates this Live activity for a maximum of 4.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Pharmacist Accreditation Statement:

Pharmacist Accreditation Statement - Purdue University College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This is a knowledge based, continuing education activity of Purdue University, an equal access/equal opportunity institution.

Universal Activity Number (UAN): 0018-9999-18-109-L01-P&T, 4.0 contact hours (.40 CEU).
